

Friends of Green Streets

who we are Friends of Green Streets (**FrOGS**) is a team of PSU Community Development Students working with the Bureau of Environmental Service's Community Watershed Stewardship Program (CWSP).

our goals To share information and resources on Green Streets, provide examples of stewardship and educational opportunities, and contribute to the creation of Green Streets within the city.

get involved Attend our first community meeting, give your input on the future of citizen-driven Green Street construction in Portland. Learn more about the process of building Green Streets, costs, project funding, and ways to get involved. Refreshments will be provided.
